This week in Kindergarten

This week we have been learning about the food pyramid and what foods are healthy for us to eat. We have focused on the biggest food group, breads and grains.

In Math we finished up a unit and reviewed what a graph is. In Math Lesson we have added dice rolling to our routine. Our dice help us add bigger numbers and talk about probability with out them learning the bigger words.

In our phonics we have learned about the letter B and all the great words that come with b. We have continued with our farm theme in reading and are learning about feathers and fur.

We have also talked about our new friend, Eddie, who will be joining us next week.
